

Low floor Civitas Economy

M1 minibus for public transport

Civitas Economy

A minibus with great possibilities

The Civitas Economy is extremely versatile and passed every safety test. The low floor chassis provides easy access for all passengers, regardless of their physical limitations. The Civitas Economy distinguishes itself by its spacious design and panoramic windows that provide an optimal view and travel experience for all passengers. The perfect choice for fleetowners.

CIVITAS
ECONOMY

M1 passenger transport

The Civitas Economy accommodates 8 seated passengers and 1 wheelchair passenger. Thanks to its lightweight design the Civitas Economy can be driven with driver's license B and has a M1 European Type Approval.

Low floor chassis

One of the unique features of the Civitas is the low floor area which accommodates 5 seats. Thanks to the low floor chassis and the wide metro doors by Ventura, instead of conventional swing arm doors boarding is easy and safe, even for passengers with reduced mobility. The Civitas Economy is equipped with a folding ramp and therefore highly accessible for wheelchair passengers.

Factory warranty retained

The Civitas Economy is based on a Volkswagen Crafter L4H3 with features like front wheel drive an automatic gearbox and a Euro 6 diesel engine that has one of the lowest emissions in its class. The dimensions are 6,84m length and 2,04m width. As Tribus is becoming a Volkswagen Premium partner the conversion is officially approved by Volkswagen and factory warranty is retained.

TriflexAIR floor

The Civitas Economy is standard equipped with the lightweight and patented solution TriflexAIR. This fully integrated floor & seating system did set a new standard in safety for passenger and wheelchair transport. Not only because of its extreme user-friendliness, but also thanks to its ultra light construction, that will save on energy consumption. The integrated 4-point and 100% mechanical wheelchair restraint system guarantees safety at all times.

8 clever folding seats

The TriflexAIR seats have an ergonomic design that ensures long lasting and comfort during long trips. Its clever folding feature provides maximum space. All seats have an ISOFIX connection for the safe transport of children. We offer multiple upholstery options.

Features

In the passengers area are 6 stop buttons and a compact cooling and heating system available. The driver can operate the metro doors, air-conditioning and a route display from his drivers cabin. Optionally we offer a payment table, smartcard preparations and a compartment for external hardware.
